

Motor Vehicle Pollution

Motor vehicles are a major source of air pollution. Due to sharp increasing trend in number of vehicles, automobile pollution has put the department in a great concern. Motor Vehicles Act 1988 and Central Motor Vehicles Rules 1989 has prescribed specific standard of emission. All vehicles which are on road for more than one year should undergo emission test every six months interval in any of the authorized testing centre .The Govt. in transport department so far has authorized 15 nos Private Emission Testing Centers throughout State of Tripura. Steps had already been taken for approval of another ten nos new testing centers. Production of PUC (Pollution Under Control Certificate) is mandatory for fit ness , renewal & others related transaction in transport department . List of approved Pollution testing centre district wise given below.
